

ANCHORED IN EXCELLENCE, LEADING THE WAY TO STREAMLINED IRRBB IMPLEMENTATION!

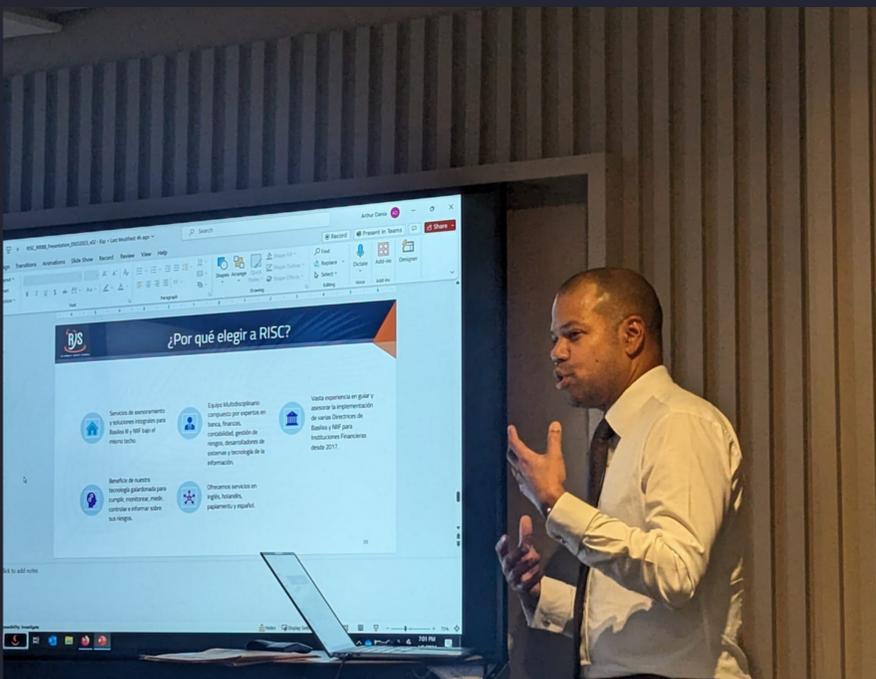

March, 7, 2024

EVENT

On March 5th, at Holland House Bogotá, we had the pleasure of presenting at our event titled **"Navegando el Futuro: Sesión de Información y Soluciones para el Cumplimiento con RTILB"**. RISC addressed representatives from distinguished financial institutions, including banks and cooperatives, providing invaluable insights into the effective implementation of IRRBB.

Our presentation highlighted how our state-of-the-art applications modernize IRRBB processes, tailored to meet the unique requirements of each institution. Additionally, we emphasized our comprehensive guidance and review services, supported by technological solutions, ensuring smooth and optimal implementation.

The event's success was a testament to the active engagement of our attendees. Our heartfelt appreciation extends to all who contributed, and we're deeply grateful to the exceptional team at Holland House for their meticulous event preparation.

We're excited for the continued collaboration ahead as we navigate the future of regulatory compliance together.
